

Article: Language Teachers' Online Learning Engagement during the Covid-19 Pandemic in Indonesia

Dear Anita - Lie

On behalf of the Editor who managed your paper, Donna Jean Satterlee, I am pleased to accept the revisions to your paper for publication in Journal of Information Technology Education: Research (JITE:Research). However, there is one more vital step needed: the formatting of the paper currently does not yet meet the style required by the journal. Please resubmit your paper and attend to the following points

There are a few minor places where more editing is needed:

What were their hopes for the future of education in their respective regions. ? needed – last sentence under aim/purpose

A group interview with five students for each teacher was used as

Puji Tuhan.
Km karunia Allah dan ketekunan kita semua, akhirnya sudah diterima.
Jurnal Ini Scopus Q1.
Jadi bisa Anda masukkan di akun Scopus masing2. Utk perhitungan Scopus, setiap penulis mendapatkan porsi yg sama, tidak tergantung urutannya.

Jadi selamat utk kita semua. 🙏🙏

Another good news. Our article will also be published as a book chapter. This means another formatting fine tuning for the book chapter. I have skimmed through the attached chapter. On my screen, one page looks blank because of the table positioning. Does it look that way on your end?

I'm going to need help with this formatting work.
